A resounding success: excellent registration figures for interzum 2025

interzum will be the most important global meeting point for the furniture industry's supplier sector once again in 2025. The excellent registration figures at the end of the early-bird discount period are further proof of the trade fair's position as a vital marketplace for all those wanting to play a role in the development of future-focused solutions for living and working environments.

The early-booking phase for exhibitors at interzum 2025 concluded at the end of February with superb results. With more than 80,000 m² already allocated, the final stand space occupied by exhibitors in 2023 has nearly been reached 13 months before the 2025 event. Internal forecasts have been considerably exceeded, and the global industry is looking forward to the event of the year, scheduled to take place at the Cologne trade fair grounds from 20 to 23 May 2025.

"The impressive results of the early-bird offer confirm interzum's undisputed status as the leading international trade fair for furniture production and interior design," comments interzum Director Maik Fischer. "The supplier sector will gather here in Cologne to present, discuss and experience the solutions of tomorrow at first hand. In 2025, interzum is set to be an unmissable event once again."

World-class exhibitors

The sheer number of companies that will be appearing at interzum 2025 isn't the only thing that's impressive. The quality of the registered exhibitors also remains at the usual high level, as a brief glance at the list of exhibitors reveals.
